

Application cover form-Awards

This Awards application cover form is a prerequisite to the Awards Main Form.

 Award applicant FIRST name

 Award applicant LAST name

 Award applicant TITLE

- Mrs.
- Miss
- Ms.
- Mr.
- Dr.

 Award applicant email address

 Award Project Title

 Host Institution/University/Research Centre

 Award applicant's SUPERVISOR full name

Full name of supervisor

1st supervisor

2nd supervisor

co-supervisor

co-supervisor

co-supervisor

 Type of award/duration of funding

Select the type of award you are applying for. Maximum duration of funding support is 3 years for doctoral award and 2 years for postdoctoral awards.

- Doctoral (3 years)
- Postdoctoral (2 years)

 Project Category

Please select the area of research that best aligns with your project proposal.

- Biomedical & Discovery
- Quality of Life & Care

 Applicant Biography (75 words max.)

Please use the space provided below to share key highlights about yourself as a candidate that you feel set you apart. This should include points about academic achievements, research environment, and career goals.

 Lay Summary of Research Proposal

Please note that the lay summary of your application will be reviewed and scored by Citizen Reviewers (i.e., a person with dementia, a caregiver and/or client services staff member) for clarity, importance, and relevance. This will be included as part of the overall evaluation of your application. Please write the summary in English. The lay summary should address each of the following questions: **Background:** What do we already know about the problem? **Objective:** What question does your study address? **Method:** How will the research be carried out? How is this different from previous studies? **Implications:** How will the anticipated results improve the lives of those affected by Alzheimer's disease and other dementias, or those at risk? **Relevance:** What is the relevance of your project to people with lived experience of dementia? When writing this summary, please avoid jargon, technical terms and acronyms. The intended audiences are the general public and potential donors. In the event that this application is funded, this summary, or an edited version of it, will be posted on the Alzheimer Society website. Please visit the 'Pages' section of the ASRP Survey Monkey Apply platform to find [Plain Language writing tools](#). Please visit the 'Pages' section of the ASRP Survey Monkey Apply platform to find previous examples of [lay summaries](#). Please review the *Alzheimer Society's Canadian Charter of Rights for People with Dementia*. Please review the *Alzheimer Society of Canada* website for [person-centered language guidelines](#).

 Awards lay summary - Background (75 words max.)

What do we already know about the problem?

 Awards lay summary - Objectives (75 words max.)

What question does your study address?

 Awards lay summary - Methods (75 words max.)

How will the research be carried out?

 Awards lay summary - Expected outcomes/Implications (75 words max.)

How will the anticipated results improve the lives of those affected by Alzheimer's disease and other dementias, or those at risk?

 Awards lay summary - Relevance (75 words max.)

Explain the relevance of your project to a person with lived experience of dementia, such as a person living with dementia, a caregiver, and/or a front-line staff.
