Lay Summary of Research Proposal

Please note that the lay summary of your application will be reviewed and scored by a person with dementia, a caregiver and/or client services staff member for clarity and relevance. Please write the summary in English.

The lay summary should address each of the following questions: **Background:** What do we already know about the problem? **Objective:** What question does your study address? **Method:** How will the research be carried out? How is this different from previous studies? **Implications:** How will the anticipated results improve the lives of those affected by Alzheimer's disease and other dementias, or those at risk?

When writing this summary, please avoid jargon, technical terms and acronyms. The intended audiences are the general public and potential donors. In the event that this application is funded, this summary, or an edited version of it, will be posted on the Alzheimer Society website. Please visit the 'Pages' section of the ASRP Survey Monkey Apply platform to find [Plain Language writing tools](#). Please review the *Alzheimer Society's Canadian Charter of Rights for People with Dementia*. Please review the *Alzheimer Society of Canada* website for [person-centered language guidelines](#).
